While Sarah and the rest of the Beit Sefer staff feel confident that we can answer any questions that may arise, we understand there are times you might want to speak to a member of our fabulous education committee. Above are the names and contact information the 5768 education committee. Anyone on this list can help answer your questions. However, there are a few members who specialize in certain aspects. If you have a specific question, feel free to e-mail the appropriate committee member. Otherwise, anyone on the committee is happy to help answer your questions about Beit Sefer Chadash.
